**I-680 SMART CARPOOL LANE PROJECT – RFP A06-020 CONSULTANT SERVICES TO ASSIST  
IN PROJECT CONTROLS AND DELIVERY**

Questions from the Pre-Proposal Meeting on August 10, 2006

- Q: Who is the Electronic Toll Systems (ETS) Engineer consultant on board now?  
A: Wilbur Smith Associates of New Haven, CT., URS Corporation providing civil engineering and Gray-Bowen Inc. for Project Controls.
- Q: Who is responsible for developing the contract?  
A: ACCMA staff will start contract negotiations with the selected firm/team.
- Q: What meetings would the selected firm/team have to attend?  
A: Attendance would be at Project Team Meetings (weekly), PDT meetings (assume 10), Management Steering Committee (assume 10) and the Joint Powers Authority (assume 10).
- Q: What program is currently being used to maintain the schedule?  
A: The schedule is in Microsoft project.
- Q: What is the schedule for this contract?  
A: The term of the contract is for a two-year base term with up to two one-year extensions.

E-mailed Question:

- Q: Do you need submittals from one team offering all the disciplines, or if a firm can submit for just the value engineering and constructability review portions?  
A: No, the firm/team can not submit for just portions of the RFP.
